

Logo & Trademark Usage Guidelines

Overview

Symbol:

The product symbol is a hexagonal shape with a unique graphic inside. The symbol can be used separately, without a text mark.

Lockup

The logo consists of a symbol supplemented by a text element (wordmark). The text element cannot be used separately, without the symbol.

Symbol

Lockup

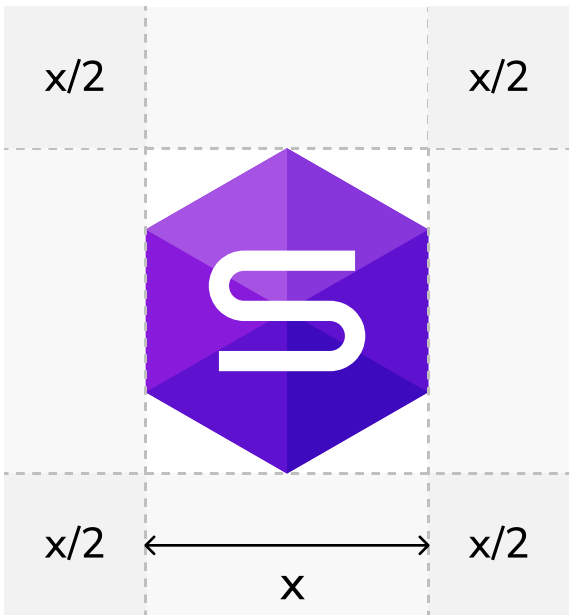

Studio for SQL Server

Size & spacing

Clear space:

This is the minimum clear area around the logo ensuring no graphics or text get too close to it, and making it stand out on any visual.

Symbol clear space

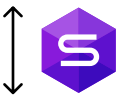

Minimum space:

This is the smallest size the logo can be. It is different for print and digital.
Exception: the symbol alone can be used at 16px in special cases such as the favicon.

Lockup clear space

Symbol minimum size

Print min. height: 3 mm
Digital min. height: 32 px

Lockup minimum size

SepPrint min. height: 3 mm
Digital min. height: 32 px
